2013 - 2016

- Shoot, light, and create shot lists with external cinematographers and crew to streamline onset productions across the company.
- Color grade edits for broadcast, web, and social deliverables.

#### The Fun Stuff

I reside in Brooklyn with my rescued mutt, Tater Tot. While I speak Spanish, unfortunately, he does not. I have a passion for movies and possess an extensive collection of over 1000 titles. On film sets, I frequently dance to 90s music. Positive energy radiates from the top down. I am confident that by working together, we can create something truly extraordinary.
